

**Title 18 USC:**

**§ 4. Misprision of Felony**

Whoever, having knowledge of the actual commission of a felony cognizable by a court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority under the United States, shall be fined under this title or imprisoned not more than three years, or both.

**Title 18 USC:**

**§ 2382. Misprision of Treason**

Whoever, owing allegiance to the United States and having knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a particular State, is guilty of misprision of treason and shall be fined under this title or imprisoned not more than seven years, or both.

**Pursuant to 18 USC sec 4 (Misprision of a Felony) and 18 USC sec 2382 (Misprision of Treason)**

I, ....., on ..... present the following evidence and names of some of the alleged felonious and treasonous perpetrators. The identity of others involved should be discovered by a grand jury investigation and other legal procedures.

**Summary:**

Whereas much evidence shows there presently exists an international corporate criminal syndicate that, in violation of the RICO Act (18 USC sec 1961-1969), is intent upon embarking upon a cascading event of genocide within the United States, most likely in Autumn 2009, using as their weapon an enforced program of bioengineered influenza vaccinations purchased by the US government from transnational pharmaceutical corporations such as Baxter International, presently the primary supplier of same.

Whereas premeditated genocide via release of a laboratory-created H1N1 influenza virus followed by the enforced administration of bioweaponized vaccinations to the people of the United States could immensely profit Baxter International, Inc., other vaccine purveyors and their institutional owners, whereby the United States may then be controlled via various agreements and executive orders by the United Nations (UN)/World Health Organization (WHO), now in turn controlled by the same international corporate criminal syndicate.

Whereas the United States Department of Defense (DOD) in May 2007 issued its implementation plan for preparing, planning and responding to a potential pandemic influenza outbreak: the enforced vaccination, detainment and quarantine of American citizens.

Whereas, on June 11, 2009, the World Health Organization (WHO) of the United Nations (UN) declared, without any apparent justification, a worldwide 'Level 6 Pandemic,' under which US troops and any others in the US will be under the control of the UN. According to The Security and Prosperity Agreement signed in February 2008, as well as numerous US presidential and WHO directives, the WHO and the UN become the controlling agencies of the US in the event of a declared Level 6 Pandemic, with obvious implications for all of the above.

Whereas immediately following said declaration of Level 6 Pandemic in June 2009 by the WHO, the US government declared H1N1 influenza vaccinations mandatory for all US citizens, the principal supplier of which is Baxter International.

Whereas, in the February 2009, Baxter's Austrian biomedical research laboratories manufactured and distributed to sixteen countries an influenza vaccine that was contaminated with a live hybridized influenza virus.

The contaminated vaccine material consisted of a mixture of a seasonal H3N2 human influenza virus and the deadly H5N1 virus. By adding a virus of the type H5N1 to an ordinary flu virus of the type H3N2, Baxter produced a highly dangerous bioweapon with a 63% mortality rate.

A laboratory in the Czech Republic discovered this before a worldwide medical catastrophe was unleashed, when all animals they tested died from this vaccine, and duly reported this to EU health authorities.

Since Baxter uses BSL 3 (Biosafety Level 3) precautions in its laboratories, safeguards which makes an accidental contamination of ordinary influenza material with the dangerous so-called bird influenza virus impossible. In other words, this deadly contamination was almost certainly intentional.

This incident that very nearly killed millions received no apparent investigation from the WHO, EU, Austrian health authorities or by any of the mainstream media corporations controlled by this same international corporate criminal syndicate, which, via institutional investment firms such as Goldman Sachs, also owns Baxter International.

It was later revealed that the incident had been handled, not as a serious violation of biosecurity regulations, as mandated by law, but as a minor offense against the Austrian veterinary code: a veterinarian was sent to the Austrian Baxter laboratory for a brief inspection.

Whereas in April 2009, swine flu virus was released on a train in Switzerland , allegedly by accident. Numerous passengers and railway personnel were allowed to go untreated. Again, there has been no credible investigation of this incident by the UN/WHO or Austrian/EU officials.

It would appear that officials of the Austrian health ministry and other officials of the UN, WHO, EU, Austria and/or Baxter International should also be interrogated concerning this matter by a grand jury; this has thus far not occurred.

Criminal charges, however, were filed in Austria , and the police now investigating as well as a criminal case with the FBI in the US by an Austrian-Irish science/investigative journalist who has sought to bring these facts to light, despite an evident blackout on this story by corporate-controlled mainstream media.

Whereas this probable intentional vaccine contamination has precedents, since there is evidence that a major conspirator in the planned imminent pandemic, the United Nations World Health Organization (WHO), administered an AIDS-laced vaccine to over a million Africans in the early 1970s that spread this disease during an alleged global campaign to end smallpox, the virus for which was also bioengineered by the WHO and US Centers for Disease Control.

There is also evidence that a bioengineered AIDS-laced Hepatitis B vaccine, provided free to male homosexuals only, promulgated AIDS within the U.S. In 1978, more than a thousand “promiscuous homosexual” males were the unwitting victims of this Hepatitis B vaccination, sponsored by the US National Institutes of Health (NIH)/Centers for Disease Control (CDC).

Whereas to this day, transnational pharmaceutical corporations continue to reap massive profits selling AZT and other patented toxic formulations to ‘treat’ the millions of AIDS victims very probably intentionally sickened for profit following the depopulation agenda of the bank-based international criminal syndicate that has also facilitated the federally-enacted funding of corporate welfare imposed on the American people since September 2008.

Whereas further evidencing criminal intent: in 2006 Baxter distributed hemophiliac blood components that were contaminated with HIV virus and administered to tens of thousands of people, including thousands of children in Europe . Baxter continued to release the HIV-contaminated vaccine, even after this contamination was known.

Yet Baxter International is the lead vaccine contractor being used by the United States government in their current purchase of vaccines that it by executive order has mandated for the American people.

Further, in July 2009, US Department of Health and Human Services Secretary Kathleen Sibelius signed an executive order giving to Baxter International and all other US government influenza vaccine contractors legal immunity from prosecution or lawsuit for any possible injury done by their vaccines to American citizens.

Therefore, in view of these facts that:

- 1) There were two recent narrowly averted international medical catastrophes possibly intentionally engineered by Baxter International that almost killed millions via its 63% fatal bioengineered influenza;
- 2) That Baxter International is still producing and selling a bioengineered ‘vaccine’ to the US government for possible officially authorized enforced vaccinations, along with officially authorized immunity from legal recourse by US citizens for any substantial injury caused by such enforced vaccinations;
- 3) That trials of this Baxter bioweaponized vaccine are scheduled to begin on pregnant women and small children in Seattle in August/September 2009;
- 4) And that the UN/WHO has declared, without any apparent justification, a Level 6 Pandemic giving them, by agreements signed by the US government and various executive orders, control over the US and its populace that subsumes the US Constitution, the US Bill of Rights and all federal, state and local law, a grand jury investigation within US jurisdiction is urgently needed, which I as a deeply concerned citizen urge you as a duly appointed judge of this court to conduct.

Some of the suspects who I feel should be investigated by a such a grand jury – and thereby halt this possibly planned RICO crime of genocide — include:

Baxter USA Executives:

Joseph Martin 221 N Walnut St , Bensenville , IL 60106 ;

Bruce McGillivray 151 Ridge Ln Lake Forest , IL 60045

Norbert Riedel 1520 N Sheridan Rd, Lake Forest , IL 60045;

Dr. Jeffery Taubenberger, presently employed as a vaccine development expert at the NIH, who exhumed frozen bodies with the admitted purpose of reconstructing the deadly 1918 flu, caused by tainted vaccines injected into US military servicemen that killed 50-100 million;

US Health and Human Services Secretary Katherine Sibelius, who in July 2009, signed an order infemning Baxter International and other purveyors of the H1N1 vaccines from compensatory lawsuits by US citizens;

Drs. Margaret Chan and David Nabarro, presiding officers of the World Health Organization who, immediately following Dr. Jeffery Taubenberger's six-year program of reconstructing the deadly 1918 virus, announced to the world via the UN that a new pandemic is about to occur that would kill "...5 to 150 million". They have also discussed exactly how such a deadly pandemic would occur at a videotaped conference at the Aspen Institute-US on October 13, 2007;

Alois Stoger, Austrian health minister, who failed to pursue an investigation of Baxter's activities in his country with due diligence;

Goldman Sachs, the Bank of Austria, the Rothschild family-owned, Bernard Madoff-tainted Banco de Medici and all other financial institutions which have institutional ownership or regular financial dealings with Baxter International and other transnational vaccine manufacturers;

Past and present officials of the US Department of Health and Human Services, the US Food and Drug Administration and the National Institutes of Health/US Centers for Disease Control enabling the above-cited possible criminal/treasonous activities violating RICO, USC, the US Constitution and Bill of Rights, the Nuremberg Principles and the Universal Declaration of Human Rights;

Those presidents of the United States past and present signing executive orders giving over control of the United States to the United Nations and its associated agencies in the case of a WHO-declared Level 6 pandemic;

As well as those members of Congress past and present who failed to investigate and halt these very probably criminal and treasonous activities.
